FOREWORD

The Uganda Bureau of Statistics (UBOS) is committed to the production and dissemination of integrated statistical information that meet the international standards quality requirements.

This Statistical Abstract is UBOS's prime annual publication through which key statistical information derived from the latest surveys, censuses and administrative records of Ministries, Departments and Agencies (MDAs) is disseminated.

The information presented in the 2013 Statistical Abstract covers statistics on the Environment, Demographic, Socio-economic, Production and Macroeconomic sectors. Some of the information on these sectors is presented basing on a Calendar Year (Jan-Dec) or Financial Year (July-June), depending on availability of data.

The Bureau would like to appreciate the continued cooperation of MDAs in availing the requisite data to produce this publication. In a special way, I wish to thank the 2013 Statistical Abstract committee that compiled this publication. The Bureau welcomes constructive comments from stakeholders that aim at enhancing the quality of its future publications.

Copies of this publication are available at the Bureau's head office, Statistics House, Plot 9, Colville Street, Kampala. They can also be obtained from the official UBOS website: www.ubos.org.

It is my sincere hope that the statistical information in this publication will be used by the readers to make informed decisions.

Ben Paul Mungyereza
Executive Director
